SHIFIN SHAJAHAN

Lindsay, Ontario | shajahanshifin88@gmail.com | Ontario Class G Driver's Licence

Professional Summary

Resource Drilling & Blasting graduate from Fleming College with hands-on college laboratory and field training across underground and surface drilling, diamond/core, geotechnical, environmental, rotary, air rotary, foundation, horizontal directional, water-well and top-hammer drilling. Trained on Casagrande B37 and F32 rigs and Geoprobe systems, with practical training in core recovery, handling, sampling, rig setup, equipment inspection, hydraulics, pumps, maintenance fundamentals and field documentation. Safety-focused, mechanically inclined and prepared for full-time, rotational, remote, travel and relocation opportunities.

Work Experience

DRILLING & FIELD TRAINING | Fleming College – Resource Drilling & Blasting

- Completed hands-on drilling laboratory and field-based training covering underground and surface drilling methods, equipment and field procedures.
- Practical training in core sampling and recovery, core handling, core orientation, drilling parameters, rig setup, equipment inspection and field documentation.
- Applied safety practices, hazard recognition, risk assessment and job-site procedures through Resource Drilling & Blasting coursework.
- Practical training across Geotechnical, Environmental, Diamond Core, Air Rotary, Foundation, Horizontal Directional, Water-Well and Top-Hammer Drilling.

THEJUS CONSTRUCTION, INDIA | Rotary Helper

· Assisted with rotary drilling operations and routine site activities.
· Helped handle drilling tools and materials and supported equipment upkeep.
· Followed site safety instructions and supported the drilling crew.

Relevant Skills

· Underground & surface drilling
· Diamond/core drilling
· Core recovery & sampling
· Geotechnical & environmental drilling
· Rig setup & equipment inspection
· Drilling hydraulics & pumps
· Drilling fluids & maintenance fundamentals
· Casagrande B37 & F32
· Geoprobe drilling systems
· Air rotary & rotary drilling
· Water-well & foundation drilling
· HDD & top-hammer drilling
· ArcGIS Pro / field documentation
· Forklift / JCB & material handling
